We're on Facebook!

We strive to provide activities and opportunities to promote the development of readiness skills, self-expression, physical and social/emotional growth. Curriculum is developed following Pre-K standards set for preschoolers in cooperation with New Albany-Plain Local schools.

Our curriculum includes:

Language Arts...enhance & develop letters & reading.

Math & Science...discover the wonders of science & the process of math.

Social Studies...seasons, the community, transportation, holidays, animals etc.

Bible lessons...prayers, Bible stories & know God can be a part of our everyday lives.

Art...enhance fine motor skills, creative expression and crafts.

Music...appreciation for music through listening, singing, instruments & movement.

OCP is a Christian Preschool where Christian values will be shared and encouraged.

Completion of a registration form and receipt of a \$50 (\$35/additional child in family) non-refundable registration fee holds your position. (Fees and payments must be by check or cash.)

Additional Programs Available

For families who would like a longer day, children in 3 year old and Pre-K morning classes (potty-trained) may, for an additional monthly fee, choose to extend their day with Lunch Bunch or Extended Day. Select the days your child will attend on the registration form.

Lunch Bunch 11:30-12:30pm

Students bring a packed lunch from home. There is time for socializing with other children and eating lunch.

Extended Day 11:30-3:00pm

Students bring a packed lunch and a snack. Quiet and active group experiences will be planned by qualified teachers. Naps will not be scheduled. A minimum of 8 students is required per day.

Discovery Days

For Pre-K students only, Discovery Days is an enrichment program that follows a theme and offered periodically during the year. (Some programs have included Legos, Undercover Spy, Going Camping, Science, Superheroes.)

Mon-Tues-Wed-Thurs-Fri 9:00-11:30

Tues-Wed-Thurs 12:30-3:00

Why parents recommend Outreach Christian Preschool to friends and family. . .

I would recommend OCP to friends and family because it is everything a preschool should be! All 3 of my kids have attended OCP for 3 years each. The teachers are loving and my children learned social skills and the basic skills needed to enter Kindergarten. I loved that many of the teachers had all 3 of my kids! I have spent 8 years here and it feels like home!! Mother of 3 OCP students.

Love the teachers, very friendly and personable.

My child has grown so much this year and gotten much more comfortable at school. This is mainly because he really trusts and enjoys his teachers. The office staff is helpful and welcoming, and communication is great. We are very thankful for OCP! Mother of 2 OCP students.

Teachers are the reason we come and return.

The teachers have been a fantastic help for our child. It is evident that he is learning many new skills, including social growth with his peers. We are very thankful for the care and attention that the teachers have provided. We wish we had found OCP earlier for my older children. Mother of 1 OCP student.

The strength of the school is in the small class sizes and the great teachers.

I recommend OCP for those looking for a warm, nurturing and friendly environment for their children to learn in. God's love shines through the teachers and other parents. At OCP every child is loved for the special little person they are! Mother of 2 OCP students.

OCP is loving and caring. We have loved all our OCP teachers..

OCP is a nurturing environment. My children feel loved and welcomed there. I especially appreciate the weekly emails from the teacher – keeping me informed. Mother of 2 at OCP and member of New Albany United Methodist Church.

I have been very impressed with the curriculum and activities.

I appreciate the intermingling of academic work with our Christian faith. I also really appreciate the amount of support given to our entire family by the staff. We could not have found a better preschool to meet our children's needs, academically, socially and spiritually. Mother of 2 OCP students.

Teachers are great and show love to my children.

At OCP my child learned through imagination and play. She came home from preschool with a joyful experience. Her teachers provided her with the readiness she needs for school and this all done in God's hands! Mother of 2 OCP students and teacher in the New Albany school district.
